

KARTHIK

Frontend developer

Ph:9677790788 | E-mail: karthi533110@gmail.com | Tiruppur ,

Linkedin: <https://www.linkedin.com/in/karthik> | Github: <https://github.com/kar-07-thik>

Objective :

Seeking a Frontend Developer role where I can apply my skills in HTML, CSS, and JavaScript, React.js to build responsive, user-friendly web applications while growing expertise in Frontend development and contributing to organizational success.

Experience :

- Developed responsive web pages using HTML, CSS, and JavaScript as part of academic and personal projects.
- Built interactive UI components, form validations, and basic DOM-based functionalities.
- Practiced clean code structure and improved problem-solving through hands-on project work.
- Gained foundational experience in frontend design, debugging, and browser compatibility.

Project :

Frontend Web Development Projects

HTML | CSS | JavaScript | Node.js | VS Code | GitHub

- **Udemy Clone**

Designed homepage sections including course listings, categories, banners, and navigation bar using HTML and CSS.

Implemented dynamic course cards and interactive features using JavaScript.

- **TripAdvisor Clone**

Focused on responsive design and user experience to ensure compatibility across all devices.

Used Node.js for local server setup and development testing

Maintained project code and version control using GitHub.

Education :

Bachelor of Computer Applications (BCA)

1st Year (Pursuing)

[KPRCas], [Bharathiyar]
